Dear Mr. Popovich,

Thank you for your marvelous performance January 24, 2006 to benefit the Animal Rescue League of Southern Rhode Island (ARL/SRI) and the Animal & Veterinary Sciences Club of the University of Rhode Island. Your philosophy of a "second chance" for animals as expressed throughout the Comedy and Pet Theatre is so closely aligned with the mission of the ARL/SRI. Not only did you delight and entertain our audience, you raised awareness of the plight of homeless animals everywhere.

Partnering with the students involved in the Animal and Veterinary Sciences Club to bring this event to the University was a great experience and gave the students the opportunity to learn about a world of animal behavior and care they may never have been exposed to. The entire experience was quite exciting and very positive for all involved.

It was our great pleasure to meet you, your wonderful family, and the members of your troupe. We feel that your show will become our annual signature fund raising event and look forward to welcoming you back to Rhode Island in the spring of 2007.

Sincerely,

Ruth Gobeille  
Executive Director
